Music for Fun! Embrace the joy of music! Join in fun and interactive music experiences as we sing along to familiar tunes we love. Sing and play the provided rhythm instruments to the beat. This group is for fun, not critique, and no prior music experience is required. It sounds good, and it is a good time; you will love it! We will learn how music can help release stress, decrease pain, and keep your mind and memory sharp! This informative and interactive presentation is facilitated by Lucille Cimino MT-BC, of Sound Inspirations Music Therapy, LLC and sponsored by Erin Williams of Capital Health Home Care.

March 7th
Cleveland's Iconic Crossroads
E. 105th & Euclid

Originally known as Doan's Corners, the area began as a stagecoach stop on the road from Buffalo to Cleveland. In the first half of the 20th Century, it became an entertainment Mecca offering Clevelanders taste of New York City high-life. By the 1970's it was referred to as an "inner-city Disneyland" and was the flash-point for battles with the city's power structure. Today it is part of the sprawling campus of Cleveland Clinic.

Program includes audio clips from famous celebrities who performed in the neighborhood.

March 21
Forever Young Tappers

Here is a way to keep celebrating St. Patrick's Day! Wear your green and come to enjoy a group of "young-at-heart" senior women as they entertain us with some toe tapping fun! They have several costume changes and songs to "TAP" along to!

April 4th
International Genealogist

Since traveling to Finland to visit the rural hometowns of his grandparents, Ron Toivonen has experienced many goose-bump coincidences. They have served to reconnect the Concord Township man with his Mentor past and a community-wide post-World War II effort to help an impoverished town in Finland. Ron has a fascinating story to tell. Come listen to his lecture; he may be able to help you find information about your ancestors.

April 18th
Lake County Nurseries

New York Resident Jesse Storrs built what was at one time America's most prosperous and profitable nursery industry. Beginning in 1858, Storrs purchased 80 acres of land, rich in sands and nutritious silt, gravel mixes as well as the heavier clay sediments, in Painesville, Ohio. Later, he was joined by J.J. Harrison and together The Storrs and Harrison and Company would establish the Lake County Nursery Belt, the largest departmental nursery in the world. Plants grown included fruit trees, rose bushes, shade trees, and herbs. Today, this industry still thrives along state routes 20 and 84 in Lake County, Ohio and continues to provide incredible economic benefit to nursery growers in the area.
