

THE CONCORD TOWNSHIP

Grapevine

Summer 2021

A Letter from the Board of Trustees

2022

IS CONCORD TOWNSHIP'S BICENTENNIAL YEAR!

Celebration planning is underway! Contact the Recreation Department now at 440-639-4652 for opportunities to sponsor events.

We have so much to look forward to as we enter the warmer summer months in our amazing community. This issue of The Concord Township Grapevine is packed with activities and events from our Recreation Dept. With our summer concert series back on the schedule and classes (with COVID precautions) for our seniors and fun events for families and activities for the children, we are happy to begin to safely gather as a community again.

We are also anticipating the opening of Lucky's Market in July. Scan the QR code below for a listen to owners and brothers David and Aaron Saltzman talk about the store concept. We will also be adding sneak peeks and updates such as a Grand Opening date, so stay tuned! In the meantime, you can follow Lucky's on Facebook at @luckysmarketsohio to see the highest quality farm-fresh produce and delicious deli featuring chef-created foods, delectable craft sandwiches and wide range of homemade selections and of course family favorites too!

SCAN ME

Additionally, the road repair program is moving forward. The project includes Crile Road widening and resurfacing and will establish a turn lane from Fredle to Girdled Rd. The Lake County Engineer is leading this project which is funded by the County Engineer's Office. Please drive safely through that area during construction. The project is projected to take 6-8 weeks providing Mother Nature cooperates!

Another topic we have been working through is the Township-wide trash contract. After listening to our residents, goals have been established on this project to provide weekly curbside trash, monthly bulk items, recycling, and yard waste pickup for all township residents living on a public street. Our Trustees will provide updates on this project at the monthly meetings.

We will be working hard on the Fire Station Project through the summer months as well. We will discuss updates during the Trustees meetings and post updates on our Facebook page as the project progresses. We are excited to see this project take shape and provide much needed safety service facilities to our community.

Thank you to all of our residents who gave to the Lake County Food Drive. The drive was a great success. There has always been a wonderful spirit of giving back to our community among our residents! This is what makes our community so special.

We hope you get out and enjoy these beautiful summer months in Concord Township! Here's to sunshine, picnics in the park, and bike rides on the trails!

Throughout the United States, a department's fire suppression efforts are evaluated by the Insurance Services Office, Inc. (ISO). ISO analyzes a fire department's data and provides the community with a rating of 1-10, with the lower score being a more favorable rating. The scoring is based on assessment of the community's fire department (50%); water supply (40%) and fire alarm and communication system (10%). Many insurance companies may look at a community's ISO rating when establishing insurance rates for residents and businesses. As of February, 2016, Concord Township's ISO rating was a 4/4y. In the fall of 2020, ISO again evaluated Concord Township. Effective May 1, 2021 Concord Township's ISO rating improved to a scoring of 3/3Y. This rating indicates that Concord Township has an adequately staffed, adequately trained fire department. The department is equipped with the appropriate number and type of apparatus to respond to fires. Calls to 911 are handled quickly and efficiently through the Lake County Central Communications Dispatch Center. The fire department has a working relationship with the 3 water companies who service Concord Township. We have a well-established hydrant program in which the water flows and functioning of each hydrant are evaluated and tested by the firefighters each year. In addition, Concord Township conducts community risk reduction activities, such as providing fire inspections of commercial buildings and offering public education programs for schoolchildren, families and senior citizens.

NEW FIRE STATIONS

The new fire stations are a work in progress with the fire department, Township Trustees, Fiscal Officer, Administrator and architects all working collaboratively. In January 2021, the concept of hiring an Owners Representative was initially addressed. In February the Trustees held a project update meeting where further discussion was held regarding utilizing an Owners Representative. At that time Chief Sabo presented options for the department's temporary needs to assure service coverage of the Station 2 area during construction. Both of these meetings may be viewed from the Concord Township YouTube channel. Throughout the winter and early spring, Chief Sabo met via Zoom and telephone with the architects and vendors to discuss design details such as equipment location in vehicle bays including vehicle exhaust systems, flow of work in the decontamination areas, locations of training equipment and the details for living spaces. Deputy Chief Terriaco poured over the design development documents to ensure no details were overlooked. Chief Sabo worked as liaison between the architect and Lake County Telecommunications to plan for uninterrupted communications and IT services for the entire Town Hall Campus. We invite you to keep up to date on the construction progress via Concord Township webpages and Facebook posts. We are excited for each step we take that brings us closer to providing services from the new fire stations.

HYDRANTS

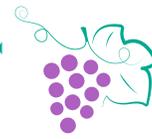

You may have seen us in your neighborhood. In mid-April, we began our Spring Hydrant Program. Due to weather conditions in Northeast Ohio, it is well into summer before we are able to flush and perform preventative maintenance on every hydrant. While we are working on the hydrants, we remain at the hydrants until our work is complete – we do not leave the hydrant unattended while flowing water. While we flush hydrants, a discoloration of your water may occur; this may be cleared by running cold water for several minutes. We apologize in advance for any inconvenience this may cause.

WHAT CAN YOU DO TO ASSIST?

- ✓ Keep shrubs and grasses cleared from the hydrants which keep them visible and easily accessible. A 3-foot clearance around each hydrant is optimal.

FIRE DEPARTMENT

HYDRANT FYI

- There are 3 water company's in Concord Township who own the hydrants and also perform maintenance on the hydrants at various times during the year.
- The information we gather about water flow and the preventative maintenance we perform on each hydrant is used by ISO as part of their evaluation of the fire department's efficiency.

DEPRESSED? OVERWHELMED? DRINKING TOO MUCH?
FAMILY VIOLENCE? DRUG ABUSE?

Need a sense of direction?

Start Here. Looking for help with issues like depression, mood disorders, alcohol or drug abuse, or family violence? Live in Lake County? Then we invite you to call our Compass Line. You'll talk with a trained triage specialist who can help you sort through your feelings, evaluate your options, and get connected quickly and firmly with the right local resources. It's free. It's confidential. It's a great place to start.

SERVICE DEPARTMENT

TIM BROWN, SERVICE DIRECTOR, 440-350-3226
SUSAN BOBNAR, ADMINISTRATIVE ASSISTANT, 440-350-3225

As summer approaches, the Service Department will be out performing many road maintenance and Storm Water improvement projects throughout the Township. The 2021 road resurfacing projects taking place in the Cherry Hill and Fay Rd. subdivisions will begin near the end of April and weather permitting be completed by the end of June.

The Yard Waste drop off at the Service Department is open Monday thru Friday from 7:30am -2:30pm. This year the drop off will close June 7th and then reopen in the fall. On Saturday May 15th the service Department will host the annual Brush Day collection at the Service department from 7:30am -2:30pm residents may drop off brush only, No lumber, landscape timbers, railroad ties or tree stumps will be permitted.

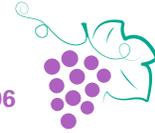

The Service Department reminds residents with questions or concerns to contact us at 440-350-3225 or by email at concordtwp.com. We are available Monday thru Friday from 7:00am – 3:30pm.

Concord Township's annual community shredding day for Residents has been scheduled for Saturday, September 25, 2021 from 10:00 am-12:00 pm. The event will be held at Concord Township Hall at 7229 Ravenna Road. More detailed information to be posted on Concord's website in September.

ZONING DEPARTMENT

HEATHER FREEMAN, AICP, PLANNING & ZONING DIRECTOR/ZONING INSPECTOR, 440-354-7506
MARTY PITKIN, ASSISTANT ZONING INSPECTOR/PLANNING TECHNICIAN, 440-354-7505
CLAUDIA HEMPHILL, ADMINISTRATIVE ASSISTANT, 440-350-3224

Single-family residential development is the primary land use in Concord Township. The majority of remaining vacant land is zoned for single family housing. The Township's Comprehensive Plan recommends that the Township promote and encourage residential conservation development zoning as the preferred development tool for future residential developments. The Residential Conservation Development (RCD) district allows for the flexible arrangement of homes in ways that enable the preservation of large areas of open space and reduces the length of the roads, which reduces impervious surfaces.

The primary objective of a Residential Conservation Development District is to promote the health and safety of the community through the application of flexible land development techniques. Such flexibility is intended to maximize the conservation of open space while accepting development and retaining for the property owner the development rights that are permitted under the existing conventional zoning for the property. The district requires a minimum amount of open space, which is not typically required in a traditional residential district, but then allows the individual lots to be smaller than typically permitted.

The 2004 Comprehensive Plan identified natural areas as high priority for conservation and protection, and these areas should be protected within the open space for any RCD district. The Grand River, Big Creek, Kellogg Creek and other waterways within the Township, including the lands adjacent to these features significantly contribute to the natural beauty of the Township. These streams and their riparian corridors, along with wetlands, provide natural filtration, help with erosion, flood control, and improved water quality. Other areas for protection include steep slopes, wetland areas, and wooded areas.

There is an established process adopted in the Zoning Resolution for any property proposed to be developed as a Residential Conservation Development. The first step is conducting a pre-application meeting. This public meeting provides an opportunity for the developer to present a preliminary sketch plan for the RCD district and get feedback from the Board of Trustees, the Zoning Commission and County agencies.

Next, a formal application to rezone the property to RCD and a Preliminary Plan must be submitted to the Township. The Zoning Commission will hold a public hearing no less than 20 days and no more than 40 days of receiving the application. Legal notification is done in accordance with the Ohio Revised Code advertising when the hearing will take place. The proposed amendment and Preliminary Plan is submitted to the Lake County Planning Commission for their recommendation for the district amendment, and is considered at the Township's public hearing. After the hearing is closed, the Zoning Commission will vote to make a recommendation to the Trustees on the district change and the Preliminary Plan.

Upon receipt of the Zoning Commission's recommendation, the Trustees will hold a public hearing no more than 30 days of receipt of the amendment. Again, proper notice is given to advertise the hearing. After the public hearing is closed, the Trustees must vote within 20 days to either approve, approve with modifications, or deny the Zoning Commission's recommendation on the District change and the Preliminary Plan. If approved, the amendment becomes effective in 30 days.

If the zoning amendment and preliminary plan are approved by the Township, the developer will move forward with submitting subdivision plans to the Lake County Planning Commission. It is important to note the distinction between who has control over various aspects of any subdivision. The Township's Zoning Resolution sets forth the minimum development standards, such as use, lot size, setbacks, and open space requirements. However, other design criteria for roads, waterlines, sanitary sewer, storm sewer and other infrastructure in the proposed development fall under the County purview. For example, the Lake County Planning Commission has jurisdiction over subdivision standards, which includes issues such as road layout and future connections. Additionally, the Lake County Engineer and Lake County Stormwater Management Department set forth the standards and specifications for matters including but not limited to stormwater management, roadways, overall site grading, and storm sewer systems.

DEBBIE POWALL, CEMETERY ASSISTANT, 440-354-7501
CINDY SADLER, CEMETERY ASSISTANT, 440-354-7517

MEMORIAL DAY

Please join us at 9:00 am on Monday, May 31, 2021 for a brief Memorial Day Service at Concord Cemetery, which is located on SR 608, just east of Fire Station #1. This is a time to honor and pay tribute to the Veterans buried in our cemeteries and remember loved ones that have gone before us.

CEMETERY UPDATE

The 1965 Expansion of the Cemetery has begun and it will take approximately two years before lots will be available. Visit the Cemetery Department page on our website for more information on the progress of the project.

CEMETERY DECORATIONS

Please understand that if you are placing sentimental items on the graves, they may get lost, stolen or damaged; if it's something that's near and dear to your heart, we do not recommend that it be placed in the cemetery.

April 15th – October 31st one (1) live decoration and one (1) non-floral, stand-alone decoration (statutes, pinwheels, trinkets etc.) placed on the footer extension is permitted per gravesite as long as it does not impede the maintenance of the grounds. The cemetery staff reserves the right to remove any live decorations and non-floral decorations not in keeping with the beautification of the cemetery. Glass of any kind (including gazing balls), styrofoam, birdhouses and feeders are prohibited.

For more specific details, the Rules and Regulations are available at the entrance of the cemetery, online at <http://concordtwp.com/departments/cemetery/> and in Town Hall. All persons are subject to the rules and regulations. Please feel free to contact us should you have any questions or concerns.

Have a safe summer!

ANNUAL HOA LABOR DAY SOFTBALL TOURNAMENT

Labor Day Weekend Co-Ed Softball Tournament

Any Concord Township neighborhood is encouraged to enter the annual Concord Township HOA Softball Tournament, scheduled for Labor Day Weekend, Saturday-Sunday, September 4-5 (no games on Labor Day itself). This beloved tradition is for Concord residents only - or those who grew up in Concord and parents still live in Concord. Neighborhood teams currently exists, but new teams can

always be formed. We had 8 teams last year and hope to have even more this year. Players must be at least 16 years old. Interested in joining a team or want more information? Contact the Concord Township Recreation Department at Recreation@concordtwp.com or call 440-639-4650. Play Ball!

CONCORD GARDEN CLUB, 1961-2021

Not since our inception in 1961 did we foresee a year such as 2020, however, members adapted to COVID-19 conditions and we're moving ahead in 2021 continuing with the necessary modifications.

As the temperature warms, Concord residents will see evidence of our colorful plantings at various sites in the community. We will be participating in the Arbor Day Celebration with the planting of a special tree at the Concord Hills Park. Your presence at the celebration would be welcomed.

Regrettably, our annual fundraiser, the May Plant Sale, is cancelled again this spring. Residents who have graciously supported us in the past are assured of our presence in 2022, conditions permitting.

Mark your calendar for Concord Township's Bicentennial in 2022!

Special activities are planned for every month! Lock in your sponsorship today by calling 440-639-4652!
