Re: Eagle Point Subdivision

Heather,

We are asking for an amendment to the original development plan approval to accomplish the following:

1. We will be paving the road in 2 phases. We will install a paved temporary cul-de-sac as per the attached plat.
2. We are eliminating the narrow strip of land on the west side of the original right of way and adding to the right of way.
3. The box culvert will now be in the right of way in lieu of an easement allowing for better access for maintenance purposes.

Please let us know if you have any questions or need any additional information.

Thanks in advance for your time and consideration.

Regards,

Rick Sommers
