Brightwood Lake Property Owner

RE: Brightwood Lake Dam Removal and Kellogg Creek Restoration Update

Dear Property Owner:

On behalf of the Lake County Commissioners and Concord Township Trustees, Civil & Environmental Consultants (CEC) is providing this update on the Brightwood Lake Dam Removal/Kellogg Creek Restoration project. The following items will begin starting next week:

- Beginning the week of November 8, a safety fence will be installed around the perimeter of the lake. When the water is removed for the lake, the remaining sediment will be saturated and dangerous. The fence will discourage people, pets and wildlife from entering the de-watered area and getting stuck. If you notice any issues with the fence or other concerns, please notify the project team using the following numbers:
 - Emergency (life or Limb): Call 911
 - Non-Emergency: Call RiverReach Construction at 330-753-4722
- It is anticipated that the lake will be drained within the few weeks. Plans to drain the lake by breaching the dam at the spillway have been submitted to the Ohio Department of Natural Resources for their review and approval. Once their approval is obtained, the work to breach the dam will begin.
- Once the Dam is breached and water removed from the lake, construction work will be suspended for the remainder of 2021. The removal of the remainder of the dam and the restoration of Kellogg Creek will in the summer of 2022 and be complete by the summer of 2023.

If you have any questions or concerns about the project update, please do not hesitate to contact me via e-mail at rparker@CECInc.com or by phone at 440-289-0405 or to contact Tim Miller with Lake County Stormwater Management Department at tim.miller@lakecountyohio.gov or by phone at 440-350-5900.

We look forward to working with you to bring this project to fruition.

Sincerely,

CIVIL & ENVIRONMENTAL CONSULTANTS, INC.

Robert B. Parker, PE
