The Art of Perennial Gardening

The correct description for the program – "Perennials are great for extending season-long color to your garden. Spring perennials start blooming long before anyone would dare plant an annual and when it comes to fall color, perennials can bloom right into the cooler months. The best part is that you only plant them once - they simply sleep for the winter and emerge again as the snow melts. *Expert Growers from Maple Ridge Nursery* will share secrets to successful perennial selection and growing."
